

## Motorised power shear

# 00762502

### Motorised power shears - SCANTOOL 2000-30SM

SCANTOOL proudly presents their motorised shears with motorized back gauge in a new modern design. The new shears are developed with focus on design, quality, functionality and ergonomics.

**Design:** New round shape with soft corners - timeless and modern

**Quality:** Manufactured from the best materials and components - at our production in Poland.

**Functionality:** RTO patented feature which automatically direct cut pieces below 400mm of length out at the front to the operator.

**Ergonomics:** The cut-piece falls into a tray which is placed ergonomically correct for the operator and allows the operator to keep gloves on and remove the cut-piece without having to bend all the way to the floor.

**Service:** New developed knife gab adjustment for easy adjustment from the front of the shear when replacing knives.

### The plate shears are equipped as standard with:

- Patented RTO system (return to operator of items)
- Average counter
- Motorized plate stop
- Mirror for easy and comfortable reading of the cutting line
- Table extensions 600 mm (2 pcs.)
- Angle stop
- Safety equipment with light beam
- Double eccentric pull on the cutter bar
- Self-lubricating slide guides
- Low blade angle and a burr-free cut
- Rubber coated plate holder
- Single or multi-clip function
- Removable foot pedal with emergency stop

- Adjustable blade splitting from the front of the scissors when servicing

## Product Specification

Capacity (mm)	2025 x 3,0
Sheet thickness steel (mm)	3,0
Working length (mm)	2025
Motor (kW)	4
Cutting angle	1,38°
Cutting/min.	38
Manual back gauge	1
Width (mm)	2000
Length (mm)	2900
Height (mm)	1500
Net weight (kg)	1750
